

The 112 Story

One sunny day, it was long ago,
A bunch of animals, their names I don't know
Having much fun, each and everyone,
Old frog sang with the rat,
Skinny dog danced with the cat.
Suddenly skinny dog hurt his tail,
You could hear him bark and wail.
His friends didn't know what to do,
They were not as lucky as you.

Chorus

You can call the number one one two
In an emergency it helps you.
One mouth, one nose, two eyes, look at you.
And it reminds you of one, one two.
So my child,
Call the number one one two,
In an emergency it helps you

One rainy day, it was long ago,
A bunch of animals, their names I don't know
Heaving much fun, each and everyone,
Fat louse tatted with the bee,
Careless mouse cooked with the flea
Suddenly there was a fire in the house
Started by the cooking of the careless mouse
His friends didn't know what to do,
They were not as lucky as you

Chorus

You can call the number one one two
In an emergency it helps you.
One mouth, one nose, two eyes, look at you.
And it reminds you of one, one two.
So my child,
Call the number one one two,
In an emergency it helps you
